Questions, Comments, or Concerns?

Contact Evan Pagel (Athletic Director) - epagel@cfc.k12.wi.us

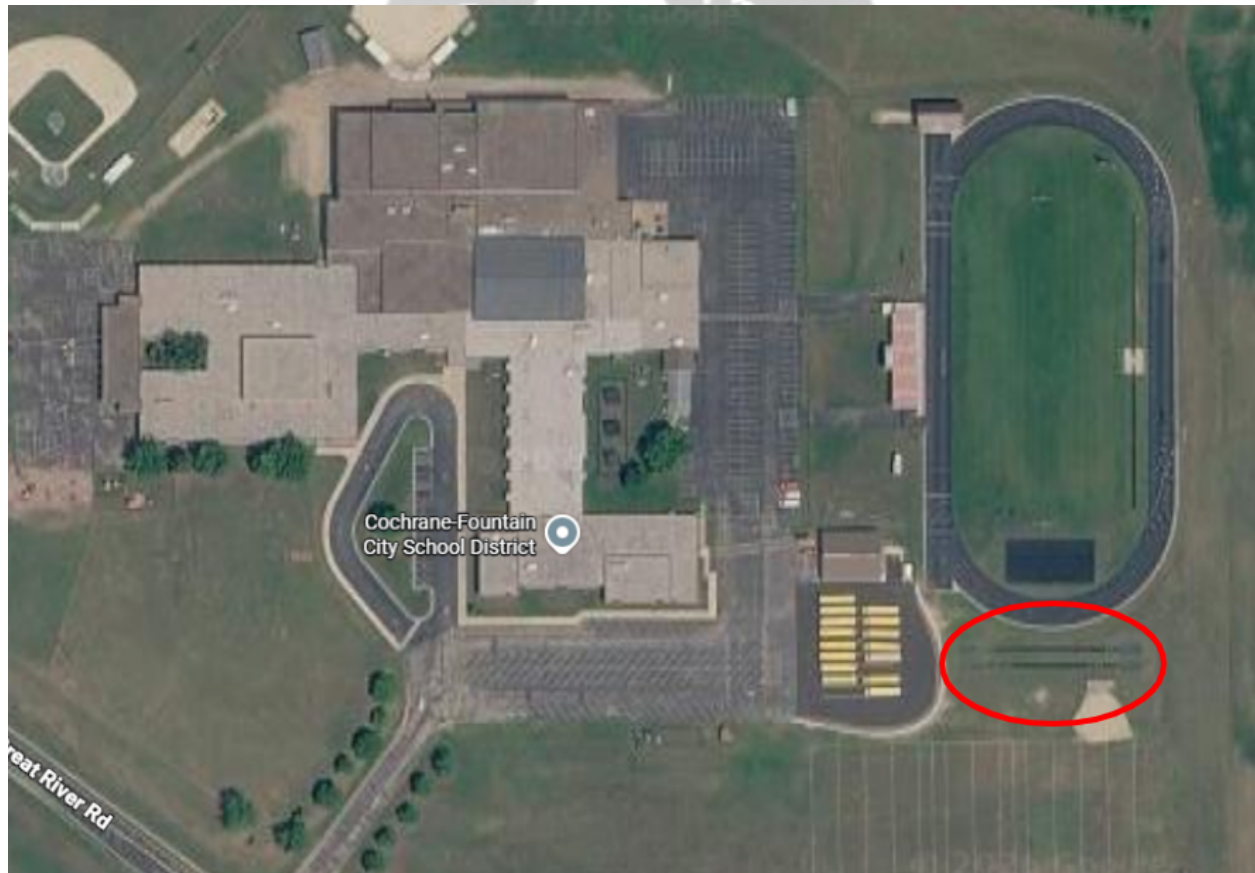

Team Bus Parking

- Please have team buses/vans park along the loop that is in front of our school.

Team Camp - Setting up Tents

- Please set up team tents on the south end of our football field (near the long jump pits). There should be plenty of room here for all teams. If needed, tents can also be put up behind the bleachers facing our football field.

XC Course Map

- Due to construction, there are changes that needed to be made to our course from past years. HS runners will begin on the yellow route, and then following the completion of the western portion of the course, will make a left turn by our softball field to complete that section of the course again. After the second loop is completed, they will continue to our designated finish that is near the start. We will have an event worker at this point of the course making sure to direct runners the correct way.
